New York is the city that never sleeps...or is that its visitors? With so much to see and do, it's the perfect spot for a minimoon or pre-wedding luxury break, but you want to experience the real city. So the team from Localike New York have put together a 24-hour itinerary for couples who only have one day to play

Cool and very New York, The Williamsburg Hotel is your perfect bed for the night

Room with a view: The Williamsburg Hotel

The essence of an entire neighbourhood was distilled into this hotel. The Williamsburg Hotel is in equal parts hip, high-end and historical. The industrial past of its surrounding is merged with the drive of its present as a creative hub. The boutique hotel's cosy design and private atmosphere make it perfect for a lovers' getaway.
